

**MEDICAL RESERVE CORPS**

# **EMERGENCY RESPONSE**

**BE INFORMED. BE PREPARED. BE A VOLUNTEER.**

**If a disaster like 9/11 were to happen in DeKalb County, we would need your help. We would need your heart. We would need your compassion.**

Join the DeKalb County Board of Health's Medical Reserve Corps (MRC). The MRC trains people ages 16 and older to provide critical health and other services during a bioterrorism event or other public health emergency. Volunteers from all walks of life are needed.

No previous experience necessary: just a willingness to help people in your community!

To sign up for the MRC, call Brenda Gibson at (404) 204-6700 or go to [www.dekalbcounty.net](http://www.dekalbcounty.net) (Medical Reserve Corps) for on-line registration.
